Capability Statement

Who We Are

PrismPoint Project Advisement delivers expert project and facility management solutions for healthcare, pharmaceutical, and commercial sectors. We specialize in construction oversight, compliance, and operational efficiency—helping clients achieve successful, cost-effective outcomes.

Core Capabilities

Construction Project Management:

Full lifecycle oversight to deliver projects on time, on budget, and at the highest standard.

Facility Management Consulting:

Optimize operations, improve compliance, and cut long-term costs.

IBFCSM Training for Healthcare:

Specialized programs to ensure workplace safety, hazard awareness, and regulatory compliance.

Renovation & Build-Out Services:

Efficient, tailored solutions for healthcare, commercial, and research facilities.

Owner's Representation:

Advocating for clients, managing risks, and ensuring project success.

Strategic Project Advisory:

Aligning project goals with business strategy to drive efficiency and growth.

Regulatory & Compliance Advisory:

Expert guidance on safety, infection control, and code compliance.

Strategic IT Advisory:

Professional consulting to streamline technology systems and improve operational efficiency.

Past Performance

Healthcare System – FSED

Delivered an \$18M, 12,500 sq. ft. freestanding ED with lab and imaging services—on time, compliant, and fully operational.
